TAFT'S FIRST CHOICE IS SAN FRANCISCO

SAN FRANCISCO, May 11.—There is great rejoicing here over the favorable reception by President Taft of the claims of San Francisco as the suitable place for holding the Panama Exposition in 1915, although the President left a loophole in his endorsement should he have need for advocating the holding of another exposition in any other city in celebration of the opening of the Panama Canal.

The President was the guest at dinner tonight of the San Francisco delegation at Washington; at which the claims of this city were urged upon him. In his reply he stated that if he decided to celebrate the opening of the Panama Canal by the holding of a world's fair in any one city, he believed that San Francisco was the city that should be selected. It was logical that such a selection should be made, he said.

The question is one for Congress to decide, the President said in conclusion, but if Congress thought best that only one celebration should be held, his influence would be counted upon to have San Francisco named as the place for that celebration.

ROBBERS LOOT A SOUTHERN PACIFIC TRAIN.

PHOENIX, Ariz., May 11.—An eastern-bound train on the Southern Pacific was captured near here today by bandits and the passengers robbed. The bandits had placed obstructions upon the track, bringing the train to a stop, when they held up the engine crew and compelled them to go ahead with the locomotive, leaving the passenger and mail coaches behind.

Among the passengers robbed were the Attorney-General of Arizona and two of his deputies.

After going through the passengers, taking money and jewelry, the bandits mounted horses and made their escape into the desert. A posse is out on their trail.

TURKS' LOSS IN BATTLE.

CONSTANTINOPLE, May 11.—The resistance being offered by the Albanian insurgents to the troops of the Turkish army is becoming serious, and the insurrection is assuming proportions alarming to the Turkish government. Reports received from the scene of the fighting are to the effect that during the various engagements of the past five days the Turks have lost over two hundred men in killed and wounded. Arrangements are being made to strengthen the Turkish army at the front and carry on the campaign against the Albanians with vigor.

PERU IS READY TO FIGHT.

GUAYAQUIL, Ecuador, May 11.—It is reported here that the Peruvian government has now an army of ten thousand men stationed on the Ecuadorian frontier, ready to invade this country the moment war is declared. The situation is tense and active hostilities may commence at any time. The Ecuadorian government is active in its military preparations, at the same time declaring that there is no occasion for alarm.

MADRIZ MAY ATTACK BLUEFIELDS.

BLUEFIELDS, May 11.—President Madriz's troops are reported to be within ten miles of the city and the capture of this place is feared. The insurgents have taken up a position of defense and are hopeful of driving the government troops back. The city has been declared under martial law. An engagement is imminent.

RIVER BOAT SINKS WITH CREW.

ST. LOUIS, May 11.—One of the river packet boats plying out of here was sunk today in a collision and six of her crew were drowned.

TEN-MINUTE SERVICE GETS MIXED UP

Cars Jump The Track And Passengers Delayed

Shakespeare's "Comedy of Errors" is not to be spoken of in the same county as the comedy of errors that attended the inauguration of the ten-minute service on the Hotel street and Waialae branch this morning.

It turned out to be a forty-minute service instead of one of ten minutes, and it was after 7 o'clock when passengers who took the first car in, arrived in town.

The schedule is all right, but cars can not run on a schedule—they generally use a track for the purpose of getting over the ground—and this morning neither schedule nor track were used.

The first car out to Kaimuki attempted to take the switch at Fifth avenue, and in doing so took most of the road with it, the rear trucks leaving the track completely. After fuddling around for some time, which seemed to make matters worse, the second car came along and, by removing the fenders, managed to couple onto the derailed car and pull it back onto the track.

The second car was number 23, and it went on its way up the hill. About this time the third car, No. 3, closed in, and that tended to mix matters further, as in taking the switch this last car was also derailed.

There seemed to be a lack of understanding in the art of replacing a derailed car.

The car was eventually blundered onto the track, and the passengers, who had already made two transfers, made the third and started for town. At the White road another east-bound car was met. After a time the empty car concluded that the passengers had some claim to the right-of-way, and it backed up to the switch at Moiliili, instead of backing right back to the baseball switch, and occasioned another delay to the inbound passengers by trying to negotiate the switch leading to the crusher.

Arriving at the corner of Alakea and Hotel streets, another car was met. After some more hoo-hoo the derailed car turned down into Alakea street and tied up the cars of that line for a time.

Taken all round, the introduction of the ten-minute service for Kaimuki was not a howling success at the start, but it is hoped that things

will get regulated from now on.

The new schedule will be much appreciated by the residents of Kaimuki and Palolo, but at the same time these same people must remember that the cars leaving the top of the hill at 6:26 and 6:46 p. m. go to Alapai street only, and cars leaving Wyllie street at 8:25 and 8:45 a. m. go to Alapai street only.

Morning Service.

Through cars will leave Waialae terminus for Wyllie street at 5:55 a. m. and every 10 minutes thereafter up to 8:25 a. m.

Evening Service.

Through cars will leave Waialae for Wyllie street at 3:36, 3:56, 4:16 and 4:36 p. m. and every 10 minutes thereafter up to 6:06 p. m.

Through cars will leave Wyllie street for Waialae at 3:55 p. m. and every 10 minutes thereafter up to 6:15 p. m.

REV. JOHN HIGGINS PASSES BEYOND

News has reached this city of the death of Rev. John H. Higgins, Mr. Higgins is well known to a great many people of this city through his marriage with Mrs. L. McCully.

A Maine paper deals at some length with the life of Mr. Higgins, telling of his early financial successes and of later leaving the business world and taking up the work of the church, to which he devoted the latter years of his life.

TO BRING TEST CASE

On an appeal from the District Court, the parties in the suit of the Territory of Hawaii vs. James Carty, for non-payment of sewer rates, today entered upon a stipulation to bring a test case of the matter in the Supreme Court.

The stipulation reads: "The parties hereto stipulate in open court that the case may stand submitted and decision and judgment may be withheld until a final determination by the Supreme Court of a test case to be hereafter brought deciding the principles of law involved and upon the question of whether the contract entered into with the Superintendent of Public Works, for use of the public sewer, was entered into by duress, undue influence or illegally by reason of regulations of the Board of Public Health in regard to sewers and cess pools."
